In dialog, add prefix for shortcode for easier identification (optional):

Clicking "Create" creates a new record and presents the shortcode and test link:

Send link to individual, for example by clicking "Compose e-mail with Link". The system email client should launch with a pre-filled subject line and body template:

Set e-mail address of individual and edit/change body as appropriate.

After individual completes the test, their identifier will show a blue pill with a number indicating how many test results have not yet been reviewed:

## Life x Improve Instructions

Click on individual's row. Details will be shown in card on right:

🔺 Life	Iifeximprove.com/dashbo X Improve	ns Refresh				☆	다   💿 Test-01
